

Bus Information

If you live in the Lavaland school boundaries, your child is eligible to ride a bus if you live one mile or more from school. However, certain standards of behavior are expected. The bus driver is in charge of the children while they are on the bus and children must obey the driver for their own safety. Children are expected to sit in their seats and keep the noise levels down.

Please take time to talk with your child about safe conduct at the bus stop and on the bus. Bus privileges can be lost if your child violates these rules.
