WEEK 4					

3 rotations of students per day/per computer - 1350 students will be served by the same 210 computers

** This does not account for SPED, ELL, etc... and any other cases of students needing more time.

** This includes the use of mobile devices. The charging of batteries needs to be taken into account. We do not currently have the infrastructure to plugin all devices while the devices are in use by students.

**IMPORTANT: This schedule is used twice. Students who test first for the PBA must test first for the EOY. Otherwise, there will be no instruction for students between the PBA and EOY.
