Read, Write and Think Like a Scientist
Two-Day Course

Begin to integrate literacy strategies into your science lessons! When approached from a stance of inquiry, reading and writing develop literacy skills as well as content knowledge and scientific thinking. One serves the other. Join us to learn how this reciprocal relationship is fostered with rich text, digital media, interactive writing and high-yield reading strategies leading to critical analysis skills applicable to written text, science labs, media and more.

When: April 20th and May 30th
Time: 8:30-2:30
Lunch will be on your own from 11:30-12:30

Space is Limited!
