Injuries sustained as a result of riding in or on, entering or alighting from or being struck by a motor vehicle are limited to a \$5,000 maximum benefit (up to \$10,000 if vehicle is a School Vehicle). Each covered condition may be subject to a deductible – see plan details.

## Facility of Payment

Whenever payments that should have been made under the Policy are made by any other policy, the Company reserves the right to pay over to any plan making such other payments, any amounts the Company determines are warranted in order to satisfy the intent of this provision. The amounts paid are considered benefits paid under the Policy and, to the extent of such payments, the Company shall be fully discharged from liability under the Policy. In no event will the Company pay more than the benefits payable under the Policy for all policies providing the same or similar benefits issued to the Policyholder and underwritten by the Company.

## Definitions

**Covered Accident** means an Accident that occurs while coverage is in force for an Insured and results directly and independently of all other causes in a loss or Injury covered by the Policy for which benefits are payable. **Injury** means accidental bodily harm sustained by an Insured that results directly and independently from all other causes from a Covered Accident. The Injury must be caused solely through accidental means. All injuries sustained by one person in any one Covered Accident, including all related conditions and recurrent symptoms of these injuries, are considered a single Injury. **Medically Necessary** means a Treatment, service or supply that is: 1) required to treat an Injury; prescribed or ordered by a Doctor or furnished by a Hospital; 3) performed in the least costly setting required by the Insured's condition; and 4) consistent with the medical and surgical practices prevailing in the area for Treatment of the condition at the time rendered. Purchasing or renting 1) air conditioners; 2) air purifiers; 3) motorized transportation equipment; 4) escalators or elevators in private homes; 5) eye glass frames or lenses; 6) hearing aids; 7) swimming pools or supplies for them; and 8) general exercise equipment are not Medically Necessary. A service or supply may not be Medically Necessary if a less intensive or more appropriate diagnostic or Treatment alternative could have been used. We may consider the cost of the alternative to be the Covered Expense. Sickness means an illness, disease or condition that causes a loss for which an Insured incurs medical expenses while covered under this Policy. All related conditions and recurrent symptoms of the same or similar condition will be considered one Sickness. **Usual, Customary and Reasonable Charge** means the average amount charged by most providers for Treatment, service or supplies in the geographic area where the Treatment, service or supply is provided. **School Activities** means any activity that is sponsored and under the direct, immediate supervision of the School that: (a) the School requires the Insured Person to attend; or (b) is under the sole control and supervision of School authorities. It does not include an activity related to athletics or cheerleading that is under joint sponsorship or supervision arrangement with any non-School group.

## Excess Provision

In order to keep premium as affordable as possible, these plans pay benefits on a non-duplicating basis. This means, if a person is covered by one or more of these plans and by any other valid insurance or health agreement, any amount payable or provided by the other coverages will be subtracted from the covered expenses and we will pay benefits based on the remaining amount.

**IMPORTANT NOTICE:** This Plan provides short-term limited duration sickness benefits. It does not constitute comprehensive health insurance coverage (often referred to as "major medical coverage") and does not satisfy a person's individual obligation to secure the requirement of minimum essential coverage under the Affordable Care Act (ACA). For more information about the ACA, please refer to [www.HealthCare.gov](http://www.HealthCare.gov).
