Corrections to Minutes

The Feb. 22, 2023, minutes incorrectly state that President Montoya Cordova read a statement of closure, when in fact Vice President Mueller-Aragon read the statement. The correction was made.

Blue Ribbon Schools Application

Questions: The Blue Ribbon School Application for Monte Vista seems to be missing actual detail about the school? What are their outcomes? What qualifies them for consideration as a blue ribbon school? How many blue ribbon schools does the district currently have?

Response:

Monte Vista Elementary School has been nominated as one of three New Mexico schools for the 2023 National Blue Ribbon School recognition by NMPED based on Exemplary High Performing category. It is our understanding that Monte Vista has met the minimum requirement under option 3.
