Albuquerque, New Mexico 87125

Dear School Board Members:

Hello my name is Lee Romero, I'm currently submitting my information for the APS District One School Board member, I believe I have experience through my four years teaching Special Education at the high school level, my fourteen years of management skills with the City of Albuquerque, and great customer service throughout my work history.

I feel APS needs work with schools that are in need of improving their grades, parent involvement, teacher moral, and student graduation rates, I'm excited and ready for this huge task, and living in District one all my life I can't wait to take on this challenge, and make a difference.

I want to thank you in advance for this great opportunity that is exciting to be part of. I will be looking forward to hearing from you.

Sincerely:

Lee L Romero
