**THINGS TO CONSIDER:**

Number of devices for testing: 3 rotations of students per day/per computer

\*This does not account for time for extra time needed for set up and turning in of materials

\*\* This does not account for SPED, ELL, etc.... and any other cases of students needing more time.

\*\*\* We do not encourage the use of mobile devices. The charging of batteries needs to be taken into account. We do not currently have the infrastructure to plugin all devices while the devices are in use by students.
