### **Students should test according to the following protocol:**

1. Students in grades 3 – 7 take grade level PARCC assessments in ELA and math.
2. Students in grade 8 take grade 8 ELA and may take either grade 8 math or a high school math test that aligns with their current math course. If the 8<sup>th</sup> grade student takes a math course at a local high school, they will be administered the PARCC assessment at their high school.
