

PARCC – MONTHLY CHECKLIST

Technology, Logistics, and Instruction

NOVEMBER

Things You Should Do At Your School:

- Teachers use evidence tables in math in PLCs to evaluate their questioning techniques, and to evaluate the depth of content, in ELA use evidence tables as a strategy to evaluate student's work to the standards
- Understand the structure of the ELA items in PARCC (review of previously distributed materials)
- Math teachers collaborate on the Standards for Mathematical Practices
- Review the 40 day update of enrollment and number of devices needed
- Teachers complete a form for appropriate students who need accessibility features and accommodations

Resources:

- ✓ It is a semi-secure site for PARCC states that will have all the diagnostics, new released practice tests and a ton of professional learning modules and blogs. <https://prc.parcconline.org>
- ✓ Evidence Tables:
 - Math - <http://www.parcconline.org/assessments/test-design/mathematics>
 - ELA/Literacy - <http://www.parcconline.org/assessments/test-design/ela-literacy>
- ✓ Standards for Mathematical Practices - <http://www.aps.edu/assessment/parcc-documents-folder/standards-for-mathematical-practice-bulleted.pdf>
- ✓ Enrollment and number of devices needed document:
 - High School - <http://www.aps.edu/assessment/parcc-documents-folder/parcc-capacity-planning-tool-hs-15-16>
 - Middle School - <http://www.aps.edu/assessment/parcc-documents-folder/parcc-capacity-planning-tool-ms-15-16>
 - Elementary School - <http://www.aps.edu/assessment/parcc-documents-folder/parcc-capacity-planning-tool-es-15-16>
