Valley High School Fact Sheet

Address: 1505 Candelaria Road NW, Albuquerque, NM 87107

Location Number: 560

Year Opened: 1954

Grade Levels: 9-12

Project Description (Title IX Gymnasium, Building Renovations & Additions): Provide Physical Education (PE) spaces upgrades and addition that provides safe, equitable spaces for PE programs that meet Title IX requirements of equal access to facilities. This was done by providing a new right sized weight-room, new Dance & Cheer room, new Physical Education Locker rooms, and new lobby and elevator. The renovated spaces include existing athletic locker rooms, existing training room, and existing wrestling room. This project included reroofing of the gymnasium and site improvements to the north parking lot. Ancillary spaces included storage, restrooms, mechanical, electrical and data. This was the first phase of a multi-phased rebuild of the Valley High School Campus.

Project Scope: 65,970 sq. ft. project total

- New Spaces Include: 22,904 Sq. Ft.
 - o New/Expanded Weight Room
 - o New Dance/Cheer Room
 - o New Physical Education (PE) Locker Rooms (Boys & Girls)
 - o New Lobby and Elevator
- Renovated Spaces Include: 43,066 Sq. Ft.
 - o Existing Athletic Locker Rooms
 - o Training Room
 - o Wrestling Room
- Site and Infrastructure Improvements including reroofing of existing gymnasium

Project Status: Complete

Project Budget: \$12,847,188

Completion Date: March 2018

Architect: Huitt-Zollars
