

JA Job Shadow

JA Job Shadow is a site-based program that prepares students to be entrepreneurial thinkers and encourages them to develop personal strategies to pursue life long learning and career opportunities. JA Job Shadow meets the needs of high school students by providing engaging, academically enriching, and experiential learning sessions all while developing networking and communication skills with business professionals.

Become a JA Job Shadow Host Site:

How does this work?

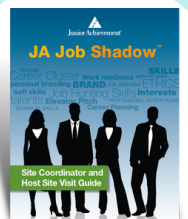

A high school class will visit your organization for an immersive workplace experience. Students typically arrive around 9:00 AM and leave around 1:30 PM. Host Site provides students with lunch while they are on site.

What information should we cover?

The host site will teach students about:

- their company and industry
- how their organization is structured
- job requirements and duties for various jobs on site.
- what the company looks like on the inside (tour)
- ethics and professionalism in the workplace
