

A new, creative and easy way to thank an educator!

Parents, are you looking for a fun and creative way to thank that special teacher, counselor, librarian, coach or any educator who has made a difference in the life of your child? Send a **ThankQ** e-card!

ThankQ is a unique e-card program that allows the community to thank teachers (or any APS educator) for all of the work they do in our public schools every day.

How Does It Work?

- Parents, students, colleagues, community advocates, friends and families can log on to www.thankq.org to access **ThankQ** e-cards.
- Select a card and add a personal note to thank that special educator who has made a difference.
- For only \$5, we'll send the message and will even notify the principal to let them know that someone on their staff was honored with a **ThankQ** card.

ThankQ is an initiative of the Teacher Leadership Foundation, a non-profit organization supporting APS educators to advance professionally and enrich their knowledge base and expertise. The foundation also helps thousands of students with homework through a free Dial-A-Teacher service.

A simple “*Thank You*” carries educators forward, keeps their spirits up and motivation high and never fails to put a smile on their face. Sending a **ThankQ** card is also a creative way to thank someone at your child’s school this holiday season.

Log on to www.thankQ.org to send a **ThankQ** card today!

*Via the **ThankQ** website, community members also have the opportunity to sponsor a teacher at the 2nd Annual **ThankQ** Gala in January- a special night that celebrates and honors our APS educators. A donation of \$100 sends a teacher to the Gala for free.

Visit www.ThankQ.org for more details.
