Sample Scoring Rubric

Grant Reviewer Name:	
Program/Project Name/Application Code:	
School/Department Name:	

Clarity, Relevance and Innovation	4-Excellent	3-Adequate	1-Need Improvement	0-Insufficient Evidence
Strong rationale and significance of proposed project/program.				
Project plan/activities are well-planned, thought out and provides a clear, reasonable timeline.				
Proposed project/program aligns with the mission of the APS Education Foundation and the focus of the district.				
Program/project represents the implementation of new insight or idea, with potential benefits of change made clear.				
Feasibility and Sustainability				
Proposal clearly states measurable goals to help resolve issues and/or advance student achievement.				
Provides a clear picture of how data will be collected and used to demonstrate degree to which outcomes are met.				
Personnel, planned activities, timeline and budget align with the project/program description and outcomes.				
Project/program budget includes costs that are necessary and reasonable.				
Project/program leverages or contributes to existing support systems (APS, community).				
Project/program design appears scalable or replicable.				
Project appears to be sustainable and demonstrates the ability to be continued once the grant period is over
