SANDIA RESORT AND CASINO

Join us!

GOLD BAR raises funds for school and classroom grants disbursed by the APS Education Foundation. Grant awards fund innovative approaches to public education that provide students the opportunities they need to succeed. Gold Bar is an evening of celebration that recognizes those that have contributed to a shared vision of education through innovation and philanthropy in Albuquerque Public Schools.

We celebrate the efforts of our **SELFLESS SENIORS**. Selfless Seniors are students who have volunteered their time and talents to build up others in our schools and community.

Inductions will be made into the **APS HALL OF HONOR**, to recognize the sustaining legacy of those who dedicated their careers to improving education in our district.

We will honor an **OUTSTANDING CORPORATE PARTNER**, a business that has given both time and treasure to the Foundation in order to invest in our future.

The evening culminates with **BEST IN CLASS**, an honor reserved for educators who were awarded Foundation grants and developed strong programs with the potential to grow and impact more students. Best In Class showcases the progress that can be achieved when the community invests in our educators.

For anyone and everyone passionate about making a difference in public education, **GOLD BAR 2020** awaits you on April 17th.
