

Monthly Training for Family Engagement Liaisons and Community School Coordinators

There are 3 main objectives for each meeting:

1. Best Practices – opportunities for Liaisons and Coordinators to share what has worked at their schools and to learn from other districts across the country with emphasis on what is required by Title I and federal law.
2. Community Connections – providing occasions for resources in the community to disseminate information about what is available for families to support their needs.
3. Strategies and ideas to promote Family Engagement – providing useful tools that can be used at the school to promote increased family engagement; including time for participants to build and strengthen relationships with one another in supporting same or different school campuses for the unified goal of improved family engagement.

****Dates, times and location of these meetings is still to be determined.*
