Terms

Thank you for your business. Invoices are due upon receipt.

Neither the proposed building performance nor the baseline building performance are predictions of actual energy consumption or costs for the proposed design after construction. Actual experience will differ from these calculations due to variations such as occupancy, building operation and maintenance, weather, energy use not covered by this procedure, changes in energy rates between design of the building and occupancy, and the precision of the calculation tool.

Vibrantcy is not responsible for LEED, Energy Star, or any other certification. Vibrantcy does not guarantee energy savings, savings thresholds (percentages), or the earning of points, credits, prerequisites, or otherwise. Vibrantcy is not responsible for the accuracy or completeness of work performed by any other company or organization affiliated with this project, especially as related to missing design features, cost-overruns, or other missed opportunities.
