1. The Patient Protection and Affordable Care Act (also known as Health Care Reform) requires health plans to cover specific Preventive Care Services, including Women's Preventive Care Services, at no cost to the member when the services are provided by an In-Network Participating Provider. Although these services are covered at no charge, the provider may charge a copayment for other services provided during the office visit. Additionally, some covered Family Planning services continue to require member cost-sharing. If you have questions regarding the Preventive Care Services that are covered under this plan, including Family Planning Services, or your cost for these services, please refer to your Evidence of Coverage/ Summary Plan Description, or contact Presbyterian Health Plan at the phone number listed on your ID card. These services must be Medically Necessary as defined by the Summary Plan Description.
