GENERAL INFORMATION:

- Some courses have "course or lab fees" that students are responsible for paying. We only cover the **required** materials for dual credit courses. If your course has a fee, contact the CNM cashier's office for questions. You can look to see if your courses have fees on the CNM Fees and Book Charges web page.

- **If you have physical textbooks from previous terms, you may keep them**. There are no fines or fees. Online access codes and eBook codes expire on their own.
- **Library Services purchases eBook versions of required textbooks whenever possible.** If a student requires a physical textbook in lieu of an eBook, a school representative must email **valerie.valdez@aps.edu** approving the need for a physical textbook.

- **To get your textbooks hassle-free, we recommend filling out our online form before doing anything else**: **Where Is My Textbook**. **Replies may take up to 1 business day during the week and 2 days for weekend submissions.* You may need to look up your classes to tell the front desk staff what textbooks you need. Click on the CNM Bookstore website (Select Student Login) or if you filled out our online form, the reply has a breakdown of your required materials.

- Students that drop dual credit classes after receiving textbooks from the CNM Main Campus Bookstore should return the unused or gently used textbooks back to the CNM Main Campus Bookstore. Not returning textbooks for dropped class could result in the cost of the textbook(s) charged to the student's Synergy account.
