MEDICAL PERMISSION TO ADMINISTER ORAL FEEDING

Student Name: _____ Student Number: _____
Date of Birth: _____ School: _____
Diagnosis: _____ ICD-10 code: _____

Dear Provider,

The student, _____, has demonstrated symptoms during oral feeding that indicate potential risk such as, but not limited to, reflux, delayed swallow, abnormal gag reflex, poor saliva management, choking, coughing or other signs of difficulty while eating. Additionally, this student may have a history of respiratory problems possibly related to aspiration of secretions, foods, or liquids.

Prior to any oral feeding of this student at school, parent and provider authorization and the oral feeding instructions are required (see below). For non-oral feeding orders, complete the Authorization to Administer Feeding thru a G-Tube.
