See Attached Questions and Answers

Question 1:

I would like to get some more information about what kind of resources, "manipulatives," are being requested. Any background information will be helpful.

Response:

Please refer to pages 24-25 of the bid to see a list of the types of manipulatives we are looking for. If you cannot provide all of the listed items, please check off which ones you are bidding on and the percentage of discount off of list price.

Question 2:

Where is the item/list of items that needs to have a quote?

Response:

Please refer to pages 24-25 of the bid to see a list of the types of manipulatives we are looking for. If you cannot provide all of the listed items, please check off which ones you are bidding on and the percentage of discount off of list price.

Question 3:

Do you have an estimated timeframe for completing the tabulation and making the award decision? Additionally, are award or non-award notifications sent directly to the vendors, or are they posted solely through the bidding platform?

Response:

The bid closes on July 10, 2025. We try to have the bid tabulations and award decisions done in about 2-3 weeks after that. Sometimes it can take longer depending on the complexity of the bid and the number of respondents.

The award and non-award are sent directly to the vendors.

Question 4:

Could you please inform us of the date that this contract will start and end?
We understand the option of being 8 years but need to know the start date.

Response:

Unfortunately, at this time I cannot give you an exact start date. The current contract ends August 27, 2025 and we are trying to have everything in place before that bid ends. We would like to start the new contracts around that date, but it depends on several factors. We attempt to have the bid tabulations and decisions made within 2-3 weeks after closing of the bid. This can change depending on the complexity of the bid and the number of respondents.
