The evaluation committee **MAY** interview the Offeror(s) of the top-rated proposals; however, contracts may be awarded without such interviews and based solely on written offers. SCOPE OF SERVICES

Albuquerque Public Schools Food & Nutrition Services is requesting proposals from qualified suppliers to provide a consistent level of vending services for food at reasonable prices to APS middle and high school students and various APS personnel (in selected staff lounges and within departments). For the purposes of this request for proposals, food is defined as any food that is sold through any means or mechanism to students outside of the schools' regular breakfast and lunch program. This document does not pertain to snacks and/or meals provided to students through after school programs. As well, food vending machines are not allowable in APS elementary schools (other than in staff lounges and no access to the student body). The selected supplier(s) will furnish full-service vending by providing the equipment, product, and services required for a complete vending machine operation.

Products/Services Offered

Supply, install, regularly service/maintain and/or periodically improve vending machines for the school sites that they work with.

1. Vendors shall meet each of the following:

- Vending machines will be fully stocked.
- In elementary schools, no vending machines will be placed in any location that students will have access to them.
- Vending machines in middle school locations that students have access to, must have timers installed by awarded offeror. The timers shall ensure that students only have access to the vending machine items after the last lunch period. Offerors will work with each middle school to ensure that there is a notification process if the timer has malfunctioned. Offerors will also check to see that these timers are working appropriately for each schools' schedule each time the machine is restocked.
- **No** vending machines are permitted inside APS cafeterias.

- Vending machines will be “state of the art” new or like new machines. All machines should have the capability to accept credit/debit cards, as well as the change making type, equipped with electronic coin changers. The machines shall accept coins and/or paper currency.
- APS staff will not be involved in the operation, restocking, collection, or servicing of the vending equipment.
- APS will take reasonable care to ensure that buildings are locked when not in use and that areas are supervised, but will not be responsible for the equipment or its contents. Contractor must insure his/her own property.
- All delivery personnel shall have an APS fingerprint background clearance prior to entering APS schools. Awarded vendor(s) will be responsible for the \$59.00 fingerprint background clearance. The fee is per individual for all delivery personnel servicing/accessing schools.
- Delivery personnel shall be trained in safety best practices and practices for working within schools. Awarded vendors will be responsible for conducting training for their own personnel. If there is a need for technical assistance in this arena, APS Food & Nutrition Services will provide some resources. Training costs if applicable, will be the Awarded vendor(s) responsibility. Additional information is provided in item No. 6.
- Restocking of vending machines shall be conducted before the first bell or after the last bell and never during passing periods or during school lunch time. The main goal of APS is to educate students and it is our responsibility to minimize distractions.
- All vending equipment shall be UL Listed, designated, constructed, installed and operated in accordance with the standard of the National Sanitation Foundation, the National Automatic Merchandising Association, U.S. Public Health Service Vending of Food Code.
- All personnel working in any district location shall meet all State and District Public Health Order requirements. State Public Health Orders can be found at <https://cv.nmhealth.org/public-health-orders-and-executive-orders>
- Awarded offeror will continually stay up to date with and meet the requirements of the USDA Smart Snacks in Schools. Competitive Food Sales Standards, <https://www.fns.usda.gov/school-meals/nutrition-standards/smartsnacks>
- APS Competitive Food Sales Procedural Directive, <https://www.aps.edu/about-us/policies-and-procedural-directives/procedural-directives/j.-students/competitive-food-sales>) and Food and Drug Administration regulations, <https://www.fns.usda.gov/cn/fda-requirements-vending-machines> for covered vending machines operations throughout the length of the RFP contract.

2. All items provided by the vendor shall:

- Meet the USDA Smart Snacks in Schools Guidelines:
 - A current list of products shall be provided via email to fans@aps.edu quarterly (or as updated).
 - Repeated failure to meet these guidelines may lead to a dissolution of the Offerors contract with the district.
- Be only of the best quality. No product shall be for sale beyond its expiration date.

3. **Food and Drug Administration (FDA):** Vending machine contractors who own or operate 20 or more vending machines must disclose calorie information for foods sold from their machines. FDA defines a covered vending machine operator as a person or entity that, “controls or directs the function of the vending

machine or the placement of the articles of food within the vending machine, and is compensated for the control or direction of the function of the vending machine.”

The FDA regulation requires that calorie declarations be disclosed by covered vending machine operators be clear, conspicuous, and prominently placed. Calorie information may be disclosed on a sign (e.g. small placard, sticker or poster) near the food item or selection button. Electronic or digital displays also may be used. If the consumer can clearly examine the Nutrition Facts label of a food item sold from the vending machine before purchase, or the nutrition information is otherwise visible at the point of purchase (e.g. through front of package calorie labeling), then no further calorie information is required. Covered vending machine operators also must disclose their contact information on the machine to enable FDA to contact operator for enforcement purposes. Vendors who are covered by this FDA requirement shall comply with these regulations.

Staff Lounges and APS Department/Administrative Sites: The referenced Nutritional Guidelines do not apply to staff lounges and APS Department/Administrative sites. However, the Food and Drug Administration regulations still apply.

Albuquerque Public Schools also requires said applicants or prospective contractors to pay for the cost of obtaining the fingerprints and background check. Employment or contract may be denied due to felonies or misdemeanors, or other information (supported by independent evidence) establishes unfitness for working in proximity to children and youth.
