

Accelerate Progress for Students

## ADDENDUM 1

### Bid 18-055MG Marquee Electrical LED & Related Materials

April 13, 2018

#### Questions & Answers:

1. I have looked through the bid packet and cannot find actual measurements and spec requirements. Can you please either direct me to the correct pages or send me the required spec forms?

***ANSWER: This bid is a Discount From List cost request. It is not specific to any marquee/LED sign for which there are dimensions or specifications at this time.***

***After contract award, upon determining a need, a school site or District department will request a quote from a contracted vendor. At that time the specifications for the desired marquee will be determined. These will vary throughout the District.***

Include this signed and dated Addendum and Acknowledgement with your offer. Acknowledgement not signed, dated and returned may deem the Bid submission as non-responsive, and Bid may be rejected.

Thank you for your interest in Albuquerque Public Schools.
