Sellers doing business with APS must be in compliance with Federal Civil Rights Act of 1964 and Title VII of the Act. Rev. 1979.

Changes

APS may make changes within the general scope of this order by giving notice to the Seller and subsequently confirming such changes in writing. If such changes affect the cost and/or the time required for performance of this order, an equitable adjustment in the price or delivery or both shall be made. No change by the Seller shall be recognized without written approval of APS. Any claim of Seller for any adjustment must be made in writing within thirty (30) days from date of receipt by Seller of notification of such change unless APS shall waive this condition. Nothing in this section shall excuse Seller from proceeding with performance of the order as changed hereunder.

Kickback Statement

The Procurement Code, Sections 13-1-21 through 13-1-199 NMSA 1978, imposes civil and criminal penalties for this violation. In addition, New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

Termination

APS may, by written notice stating the extent and effective date, terminate this order for convenience in whole or in part, at any time. APS shall pay Seller as full compensation for performance until such termination (1) the unit or prorata order price for the delivered and accepted portion; and (2) a reasonable amount, not otherwise recoverable from other sources by Seller as approved by APS with respect to the undelivered or unaccepted portion of the order; provided compensation shall in no event exceed the total order price.

APS may by written notice terminate this order for Seller's default in whole or in part, at anytime, if Seller refuses or fails to comply, with the provisions of this order, or so fails to make progress as to endanger performance and does not cure such failure within a reasonable period of time, or fails to make deliveries of the item(s) or service(s) or to perform the service(s) within the time specified or any written extension thereof. In such event, APS may purchase or otherwise secure item(s) or service(s) and except as may be otherwise provided, Seller shall be liable to APS for any excess costs occasioned thereby.

If after notice of termination for default, APS determines that the Seller was not in default or that the failure to perform was due to causes beyond the control and without the fault or negligence of the Seller, termination shall be

deemed for the convenience of APS, unless APS shall determine that the item(s) or service(s) were obtainable from other sources in sufficient time to meet required delivery schedule.

If APS determines that Seller has been delayed due to causes beyond the control and without the fault and negligence of the Seller, APS may extend the time for completion when promptly applied for in writing by the Seller. If such delay is due to failure of APS, not caused or contributed to by Seller, to perform services or deliver property in accordance with the terms of the order, the time and price of order shall be subject to change under the Changes section. Sole remedy of Seller in event of delay by failure of APS to perform shall be limited to any money actually and necessarily expended in the work during the period of delay, solely by reason of delay. No allowance will be made for anticipated profits. 'Seller' is defined as the Seller and his subsuppliers at any tier.

Contingency

Seller warrants that no person or selling agency has been employed or retained to solicit or secure this order upon an agreement or understanding for a commission, percentage, brokerage or contingent fee excepting bona-fide employees or bona-fide established commercial or selling agencies maintained or utilized by Seller for the purpose of securing business. For violation or breach of this warranty, APS shall have the right to annul this order without liability or, at its discretion, to deduct from this order price or consideration or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

Other Applicable Laws

Any provisions required to be included in a contract of this type by any applicable and valid executive order, federal, state or local law, ordinance, rule or regulation shall be deemed to be incorporated herein.
