The APS Design Professional Fee Schedule establishes a guideline for percentage fee for Basic Services, n.i.c. reimbursables, based upon an estimated Maximum Allowable Construction Cost (MACC) that does not include NMGR. Negotiation of fee based on prior District experience is appropriate.

Level Two and Three Alterations: As defined in the International Existing Building Code (e.g.: major renovation, structural repair, small addition, core electrical/mechanical system replacement, egress correction)

New Projects: New School facility, major additions, teacher housing.

Level One Alterations: As defined in the International Existing Building Code (e.g.: re-roof, equipment replacement, alarm, window replacement, storage, barns, sheds, stadium, bleachers, playground equipment, grading improvements, parking lots, bus drops, septic system)
