BID 21-016 RA – Reusable Sublimated Face Masks

ADDENDUM #1

8/18/2020

1. The spec of the cotton masks mentions sublimation. Unfortunately cotton cannot be sublimated. The sublimation process is only possible when there is some polyester content in the fabric. Typically cotton is dyed to provide coloring. Is dyed cotton acceptable?

(Response) These are cloth masks that are not medical grade. Send in your specifications for consideration.

2. Are the cotton masks to be blank? It seems from the bid specs that no mention of imprint is listed for those?

(Response) yes, they blank

3. You have standard sizing shown for both adult and youth masks. Does the sizing comprise just the mask portion? Or does it include the earloops too?

(Response) Both, please review specifications.

ACKNOWLEDGE ADDENDUM WITH SUBMITTED PROPOSAL:

Addenda not signed and returned may consider the RFP non-responsive and may be rejected.
