**Stand-Alone Printer Preventive Maintenance and Repair As Needed – On Call
RFP No. 18-025 RR
Questions and Answers**

1. **Question:** What about a cost per page solution (managed print), are we able to propose a managed print solution?

Answer: Please provide cost as requested in the proposal, and you may also provide a supplemental managed print solution. APS may consider it. Ensure your managed print solution gives details of what is included.

2. **Question:** What is the preventative maintenance threshold? Is there a conflict of interest in repair vs. purchasing from a competitor after the fact?

Answer: APS is requesting vendors to provide the preventive maintenance threshold. They should provide at what capacity, model, etc. Preventive maintenance should be considered. The RFP states, if you are repairing a stand-alone printer and recommend replacement, it must be from a different vendor.

3. **Question:** Does the current list of printers contain data on the history of repair and maintenance?

Answer: No

4. **Question:** Shall we propose an hourly cost for preventive maintenance instead of per unit?

Answer: Yes

5. **Question:** Have the printers previously received maintenance or repair?

Answer: The history of each printer at this time is unknown.

6. **Question:** Upon professional determination that a piece of equipment is unserviceable, will that printer then be considered 'out of service'?

Answer: Yes
