RFP TITLE: Student Outcomes Focused Governance Coaching

ADDENDUM NUMBER: 1

The following are clarifications and / or changes to RFP 26-049AS

1. New RFP Due Date and Time is April 30, 2026 at 5:00 PM, Albuquerque, NM time.

2. Vendor Questions and APS Answers (in BLUE) listed herein:

1. For regular Board meetings, individual Board member sessions, and workshops, does APS require in-person attendance for all services, or will APS consider a hybrid delivery model with certain activities provided virtually?

Yes, a hybrid option will be considered. However, in-person attendance will be needed for special occasion such as Board retreats, etc.

2. For pricing and staffing purposes, can APS provide an estimated level of effort, such as anticipated monthly hours or an approximate annual range of hours for Board coaching, workshops, and stakeholder training?

An estimated level of effort depends, as some Board members use coaching more than others. A good average would be about 20 hours per month; however, this average is based on the previous Board's use of coaching.

3. In evaluating "SOFG expertise" and "experience supporting SOFG implementation in urban school districts," will APS consider closely related board governance coaching engagements that include goals/guardrails, monitoring, superintendent accountability, community engagement, and board role clarity, or is direct prior implementation of the Student Outcomes Focused Governance framework expected?

Yes, closely related Board governance coaching as experience, will also be considered.
