

**BID NO. 21-046 RR
ADDENDUM #1**

February 15, 2021

Please note the following questions regarding the proposal:

1. Our company headquarters are located in Florida. However, we provide services - including those being sought in the RFP - in all 50 states. UHS is capable of providing the requested services within the jurisdiction of this RFP. However, in several places the content of the RFP has specific statements (including awarding points) to a business corporately located either in Albuquerque, or in paying taxes in New Mexico. If this is the primary issue and desire, can further comment be made, as this would suggest out of State companies need not apply?

Answer: Please follow the guidelines and instructions as listed in the Request for Proposal.

2. Would being a certified woman owned business bring any benefit for this RFP?

Answer: No, being a certified woman owned business would not bring any benefit for this Request for Proposal.

3. Would our being a contractual partner with the GSA (General Services Administration) be of any value/benefit in the RFP consideration?

Answer: No, being a contractual partner with the General Services Administration be of any benefit for this Request for Proposal.

4. Are there any incumbents currently providing these services and if so who are the incumbents and for which services?

Answer: Albuquerque Public Schools currently utilizes a contract from Bernalillo County.

5. If there is an incumbent, what are their strengths and weaknesses?

Answer: Vendor services provided are satisfactory
