COVID-19 OPERATIONAL REOPENING PLAN FOR ALBUQUERQUE PUBLIC SCHOOLS FALL 2020

APS Maintenance & Operations in collaboration with APS teachers, APS principals, APS Nursing Services, APS Capital Master Plan, APS Food & Nutrition Services, APS Police Department, APS Student Transportation, and APS Student, Family and Community Support Division
The health and safety of APS students and staff is the top priority when determining when to reopen school campuses for use by students, staff, and others. All APS staff and or vendors will be trained prior to schools reopening.

References: California Department of Education, Center for Disease Control and Prevention, Council of Great City Schools, NM Public Education Department, NM Department of Health
SCHOOL SCHEDULING PLAN - HYBRID

• 50% of total students at each school - schools will receive a template to outline their site capacity at 50% and identified classroom spaces.

• Weekly rotation with students. Half students week A, half students week B. Mondays will be at-home learning for students and a concentrated cleaning day for schools.

• Students will be split by alphabet (A-L/M-Z) to best split the students by 50% by District and by individual school. Families with different last names may notify the school administration so that families may attend on the same weekly rotation.

• Schools will need at least 10 days prior to student arrival to train staff, plan social distancing, and implement safety and hygiene procedures.
Alvarado Elementary School, Phase 2 Social Distancing Scenario Report

July 2, 2020

Alvarado Elementary School
Location No.: 213
SY 2019-20 Total FTEs: 39
SY 2020-21 Projected Enrollment: 329 (including the new additional Pre-K in 2020-21)
SY 2019-20 Enrollment: 316

Total Available Number of Classrooms: 32 (26 permanent, 6 portables, 0 vacant)

Number of Master Scheduled classrooms SY 2019-20: 27
Number of needed Master Scheduled classroom needed in current scenario: 22

Utilization Report Summary:

By implementing the following District-Wide social distancing measures:

- A pupil-teacher ratio (PTR) of 15 for capacity
- Alternating weekly schedule with 50% student enrollment (A-L on campus in Week 1, M-Z on campus in Week 2)
- No use of spaces 500 sq. ft. or less
- Designated COVID isolation rooms as needed. At Alvarado Elementary School, one classroom is designated as a COVID isolation room.
- District Special Education programs remain on campus full-time and those classrooms do not enter into a 50/50 split
- Student Meal/Nutrition by APS food services & Cafeteria usage/scheduling will be detailed site to site determined by individual school population/enrollment.
- Specialized spaces, such as Libraries, Fine Arts, Music, STEAM, Computer Labs, and Physical Education will continue with the same instructional programs (At the elementary school level). Although these classrooms will have to operate with a cap of 15 PTR per class period or max of 75 students throughout the day to comply with social distancing measures, and outdoor areas should be maximized for physical education.
- There will need to be an exponential increase in non-instructional ancillary support services/Staff (sanitation/jeanitorial/food services), necessitating an additional FTE/spatial allocation.
- This analysis does not take the following into account: Ancillary Support programs such as OT/PT, SLP, Adaptive PE, Counseling, Lunch/Passing Periods, Arrival/Dismissal, Restroom use, and transportation

Alvarado Elementary School has a need for 21 master scheduled classrooms and 0 additional FTEs to accommodate its projected population of 329 students for the 2020-21 School Year with alternating bi-weekly schedule of 50% enrollment at any given time.

Master Scheduling and Space Assignment Findings:

- Elementary School Master planned spaces CAN remain as-is (per master schedule) with the exception of sign-up computer labs which will be utilized on an as-needed basis, per the principal’s discretion.
- All ancillary and administrative spaces which are not master scheduled, including OT/PT and APE, will remain as-is.

*Specialized Spaces can NO LONGER be utilized in a normal 'check out' scheduled fashion due to sanitation concerns when different student groups/classes use them the traditional way.

Note: COVID-19 isolation in room 304 (A full-sized classroom designated for professional development). Professional development relocated to cafeteria. Classrooms under 500 sf. 102 (188 sf) and 103 (186 sf) were assigned to drama storage and SLP.
Cleansing Supplies and Logistics

APS District will initially supply masks, cleaning supplies, hand sanitizer for classrooms, common areas and buses.

School staff will need to order replacement supplies during the school year through the District Materials Management Warehouse.

Each classroom will be supplied with a “Sanitation Tote” to be used to periodically sanitize their room. The school custodian should be made aware of any totes that need to be restocked and provide the refill.

Schools should order in advance so as not to run out of supplies.
COVID RELATED SUPPLY LIST

- Classroom “Sanitization Tote”
- Hand Sanitizer
- Masks – cloth and disposable masks will be made available to staff and students. Students and staff may also bring their own masks.
- No-touch thermometer
- Electrostatic sprayers (provided to specialty to cleaning crews)
- Disinfectant
- Paper towels/wipes
- Soap
- Floor markings
- Signage – All types and locations (in Spanish and English) with clear pictures
- PPE for nurses staffing isolation room and in close contact with students (gowns, face shields, N-95 masks, etc.)
• Proper cleaning procedures designed from EPA and CDC guidance on approved products and methods will be used.

• Disinfect and sanitize high-touch areas of building service systems (e.g. on/off switches, thermostats) daily.

• High touch horizontal surfaces, door handles, elevators, etc. vertical surfaces such as doorframes/edges, light switches, thermostats, window handles, etc. will be sanitized daily.

• Signs will be displayed for hygiene, masks and social distancing.

• Staff will be advised to minimize personal items on their desks, throughout classroom and work spaces to help facilitate regular sanitation efforts, as well as to prevent accidental breakage.

• Elevators should have no more than 2 people in an elevator at a time.
• Cleaning, disinfection of high touch areas throughout the school, throughout the school day with PPE

• Classrooms will be cleaned daily

• In the case of a positive COVID case, fogging 100% reactive to positive will be performed within 24 hours

• Frequent disinfecting of bathrooms and regular bathroom checks for supplies will be conducted daily by custodian
CLASSROOM GUIDELINES

- Elementary “specials” will take place in regular classroom with teacher rotating, not students.

- Social distancing (65 SQFT/person) – All schools will be provided a school building template for each classroom space. Social distancing is by individual classroom square footage size for how many students may occupy each space.

- Outdoor classroom space may be used as needed for classroom instruction.

- Furniture may be rearranged in classroom to allow for social distancing. Furniture may be marked to indicate social distancing and unused areas. Furniture does not need to be removed but, may be unoccupied.
CLASSROOM GUIDELINES

• Sanitation after each class - All classrooms will be provided a sanitation tote. Teachers and students may wipe down occupied spaces after each use.

• Sanitation cleaning every evening - Custodians will clean and sanitize classrooms every evening.
CLASSROOM GUIDELINES

• No sharing of books / toys / equipment/supplies. When possible, students should bring their electronic device to class.

• Signage will be provided to classrooms, hallways, bathrooms etc. When possible, one door shall be used for entrance into the classroom and a separate door for exit.

• Hand sanitizer must be readily available/accessible to all students and staff in each classroom. When possible, hand sanitizer should be distributed when entering the classroom and in between activities.

• Water fountains will be off limits – students may bring a refillable bottle. Water stations will be provided in the cafeteria to be filled by an attendant.
• Isolation room will be designated by the school for each facility.

• School will be shut down until fully sanitized according to NMDOH guidelines

• Students and staff will move to a full remote learning contingency plan during closure.

• School will be sanitized within 24 hours and must wait at least 48 hours after sanitizing to reopen.
CAMPUS ACCESS

Passive Screening – Occurs at home with parents
- Parents should take daily temperature of students when able to - Internal temp of less than 100.4 degree per CDC guidelines.
- Staff should take daily temperature at home prior to leaving for work when able to – Internal temp of less than 100.4 degree
- Staff, visitors, and students must complete a daily questionnaire upon arrival to the school.
- Schools will set up process for record keeping and procedures

Active Screening – Occurs at school
- Schools will set up process for screening visitors, staff, and students
- Staff who do not complete questionnaire before leaving for school must complete it upon arrival and receive a temperature check.
- Students displaying symptoms will be placed in a designated isolation room
- Staff or visitors with symptoms or exposure to COVID-19 will not be allowed on campus
CAMPUS ACCESS

- Sanitization – High touch surfaces will be cleaned and sanitized throughout the day
- PPE for Health Offices
  - N-95 masks will be provided to health care workers in the school
- Masks are required for all individuals on campus
- Security access protocols – entry for staff and students will be through designated entrances following health and security protocols
Social distancing
- Siblings seated together
- Maximum of 2 students per bus seat. Yellow category should try to limit seats to 1 per seat

Sanitation
- Riders must wear a mask
- Drivers will sweep and sanitize the bus in high touch areas after each trip and returning to terminal.
- Drivers must wear a mask at all times while at work and driving a bus
- Hand sanitizer will be provided on the bus
- Cleaning every evening
- Drivers will supply spare masks for students without them
- Air out buses when not in use

Health
- If a child demonstrates symptoms when entering the bus, parents will be notified to pick up child or transport home.
- Drivers will complete health checks upon arrival to work.

Student pick up
- Schools will create a staggered Parent Pickup to allow for proper student social distancing.

</table>
PLAYGROUND & COMMON AREAS

• Masks must be worn on playground and common areas
• Maintain social distancing guidelines – signs will be posted and staff may remind students of social distance protocols
• No sharing of balls, toys, etc. Students may not bring balls and toys from home
• Students will wash hands (or hand sanitize) upon arrival, before and after lunch, at the end of the day and before/after recess
RESTROOM CONSIDERATIONS

SOCIAL DISTANCING
Schools will designate stalls and urinals to keep social distancing.

SIGNAGE
Signage will designate areas when waiting for stall, urinal or sink to allow for social distancing.

WASH
Students will wash hands for 20 seconds with soap signage will be in bathroom for proper hygiene.

NO-TOUCH
No-touch trash cans will be available in bathrooms.

SUPPLIES
Schools will monitor soap and paper towel dispensers to refill as necessary.

SANITIZE
School bathrooms will be cleaned during the school day and at night.
HVAC SYSTEMS

• HVAC systems will run from 6am – 6pm, non-stop

• Further open minimum outdoor air dampers, as high as 100%

• Clean change filters monthly/quarterly – 8/10 MIRV Filter rating or 13 MIRV on new systems

• Exhaust systems will run throughout the day
COMPUTER LABS

- Labs will be closed for use as a computer lab, they may be used as additional classroom space for social distancing.

- Testing requirements will be pushed to remote devices.

- Students may use individual devices that have been assigned to individual students.
Library be used as a general education area, as needed, for social distancing.

Clean disinfect book check in/check out - covers will be cleaned and books returned will sit for 24 hours before they can be used by other students.

Sanitation tote will be provided to clean areas after student use.

School computers are not to be used in library. Students may use individual devices from home, as outlined by school protocols.
*Guidelines and procedures for permissible activity (i.e. meetings, workouts, practices) within an athletic program are developed by the NMAA and the district athletic department and are/will be in accordance to state public health orders. Guidelines and procedures, including updates and changes, will be regularly communicated to schools through the athletic director.

Physical Education Classes:

- PE Classes should be outside, when possible, and equipment should not be shared.
• PPE will be provided to school police
• COVID ALICE and fire drill procedures will be provided to each school staff.
• According to NMPED, schools will need to meet the emergency drill obligations while maintaining social distancing requirements.
• Shelter in place procedures will continue as is.
• Nurses will assess all sick students for COVID

• If a student has any COVID symptoms they will be placed in a designated isolated COVID area in PPE until they are picked up. Isolation room must be cleaned after every use.

• Nurse will communicate all COVID cases to school officials, primary care provider, local and state health departments for appropriate action.

• Nursing services will provide factual updates, as needed, regarding flu rates in the area, COVID-19 and tips to help decrease fears.

• Medication assessment in COVID isolation room
  • Special Ed respiratory treatments assessment will be completed in the isolation room with PPE
