

## AUDIOLOGISTS

ICD-9 CODE	DESCRIPTION
389.00	Conductive hearing loss, unspecified
389.10	Sensorineural hearing loss, unspecified
389.20	Mixed conductive and sensorineural hearing loss
389.9	Unspecified hearing loss, deafness NOS
385.9	Unspecified disorder of middle ear and mastoid
380.9	Unspecified disorder of external ear
388.40	Abnormal auditory perception, unspecified

For each student in your Medicaid packet, please provide a diagnosis for the symptoms you are treating. The diagnosis must be given by the rendering provider in order for APS to bill.

Above are “most commonly” used diagnosis codes. The code should be entered on each documentation/billing sheet in the space indicated.

If you have questions, do not hesitate to call Joann Sanchez at 855-9808 or email at [sanchez\\_joa@aps.edu](mailto:sanchez_joa@aps.edu). Thank you.
