Title I 2018-2019 District Family Engagement Support Agreement

Title I provides school districts with extra resources to help improve instruction to ensure that poor and minority children have the same opportunities as other children to meet today's challenging academic standards.

Parents/Guardians are encouraged to be involved with the Title I program at their school including how the Title I funds are spent.

*The **Title I District Family Engagement Process and Procedural Directive** and the **Title I District Support Agreement** are available on the APS Title I website, at each school website or you may request a printed copy from the school or APS District Title I Department.*
