

Double Reaction

- A program for middle and high school students and their parents.
- It pairs a student and parent with the same book and allows them the opportunity to discuss and interact about a book they have selected.
- It is important to provide Title I with sign-in lists, and Double Reaction form for each set of books taken. We must account for all books. If you have selected a lot of books and do NOT have other reading events scheduled please return unused sets.

Double Reaction Program

APS Title I

- Double Reaction is a Title I program to involve parents/guardians in reading with their high school or middle school student.
- The guiding questions are brief and just the start of what parent and student can share while reading the books.
- When the parent and student are finished reading the book they are to turn in the Double Reaction form (or a copy of it) and they keep the books.
- The completed Double Reaction form should be sent to Dale Hagin, Title I Department
- Double Reaction books are picked up by school staff at N-4 Title I North at Montgomery Complex.
- Dale Hagin **880-8249** x 234
- Amesha x 175 will be able to assist you with books and forms.
- **FAQ:**
- What does the school need to do?
 - Keep a record of parents/students getting books
 - Turn in completed Double Reaction form to Title I (or copy of the form, parents may want to keep the original)
- Can the school change any of the guiding questions?
 - Yes, and please share questions that are well received
- What if the parent/student move away and do not complete the Double Reaction form?
 - The books are given to Title I parents and students so they can enjoy this new partnership through reading. If parents do not want to complete the book, or move away the school is **not** responsible to collect the books
- Can parents/students respond in languages other than English?
 - Yes, especially if they have selected books in Spanish to read
- What language books are available?
 - At this time only English and Spanish books are available.
 - Books are available in a wide range of reading levels
 - We cannot order specific titles due to the cost, it is not possible to provide lists of titles as inventory changes as schools use the program.
